

REMARKS

The Office Action of May 5, 2006 has been carefully considered.

Objection has been raised to the specification on the basis that the specification should not reference specific claim numbers. The specification has now been amended on pages 5-7 to delete the references to specific claim numbers.

Objection has been raised to the drawings on the basis that Figs. 11-21 should be labeled as "Prior Art." Substitute drawings labeling Figs. 11-21 as prior art have now been submitted.

Claims 1-6 have been allowed.

In view of the foregoing amendments and remarks, Applicants submit that the present application is now in condition for allowance. An early allowance of the application with amended claims is earnestly solicited.

Respectfully submitted,
